

ABC Themes & Transversal Perspectives Funding

ABC offers the new funding scheme 'ABC Themes & Transversal Perspectives' that fosters collaboration within or across ABC Themes or Perspectives and increases their visibility.

Aim

ABC Themes & Perspectives Funding is intended to support ABC members of all ranks. The aim is to enhance and strengthen the collaboration and cohesion within an ABC Theme or Transversal Perspective, or the connection between ABC Themes & Perspectives and increase the relevant ABC Theme or Perspective's visibility to external national or international parties (academic and non-academic (e.g., societal institutions, industry)).

The ABC Themes & Transversal Perspectives are:

Themes:

- Decision-Making, Impulse Control & Rationality (DIR)
- Plasticity, Memory & Language (PML)
- Perception, Attention & Consciousness (PAC)

Transversal Perspectives:

- (Neuro)computational Modelling (MOD)
- Individual Differences (ID)
- Translational Science (TS)
