

iBBA-ABC Support Grant

Aim **Inter-institutional, interdisciplinary**

iBBA-ABC Support Funding is intended to increase **interdisciplinary** collaboration between iBBA and ABC researchers: the grant proposal must include one PI from iBBA and one from ABC (**inter-institutional**). The aim is to provide additional support for research between ABC and iBBA members from different disciplines (and preferably, from different faculties (ABC) and sections (iBBA)).

What can be applied for?

- RA salary*, participant money, materials, ...
*RAs will be appointed by the PI's home institution, following the institution's HR policies.

Who can apply?

- PIs are ABC and iBBA members (lecturers, assistant, associate or full professors) with at least a 0.5 fte appointment at the UvA/VU/AUMC.
- ABC and iBBA Board members are not permitted to submit as PIs.

Budget Max. € 2.500,-

The budget must be spent within the calendar year of the award.
Budget is available for max. 4 grants per year.

Deadline for submission

1 March 2026

The submissions will be evaluated by a committee consisting of iBBA and ABC Board members.

We aim to inform applicants of the outcome of their application within 3 weeks from the date of submission.

Application requirements

- Applications must be drawn up in the provided application form.
- Applications can be uploaded either through the ABC website or be sent by email to: c.trentin@vu.nl.
- Main goal: increase **inter-institutional and interdisciplinary collaboration**.
- Applicants may only submit one iBBA-ABC proposal per grant round.

Applications assessment

The Support Grant Selection Committee will evaluate the applications on the basis of:

- The potential to increase inter-institutional and interdisciplinary collaboration (50%). Priority will be given to research proposals that connect researchers from ABC and iBBA who do not work in the same area.
- The quality and originality of the proposed research (50%).
